

Overview

- High corrosion-resistant
- Extremely durable
- Small and exquisite
- Waterproof

TerraTAG

Technical Specifications

Parameters	Description
Product Name	Epoxy RFID Keyfob
Material	PVC/PET/Epoxy Resin
Frequency	125khz, 13.56mhz
Supported Standards	ISO14443A
Chip	Fudan 1K (FM11RF08)
Working Temperature	-25°C ~ +65°C-25
Reading Distance	0-10cm
Craft	Logo or Number Printing, QR Code, etc
Package	100pcs/polybag, 20bags/carton
Color	Black, Green, White, Orange, etc or PantON COLOR

Dimension
