

- ▶ **Innovative Automatic Door Design**
Protected by Patent, Automatic Opening and Closing of Key Cabinet Doors, Aiming for Enhanced Security and Advancement.
- ▶ **Innovative KeySlot Strip Control Design**
Patent-protected, New Generation Lock Control Technology. High Integration and More Stable Operation.
- ▶ **Innovative Smart Integrated Anti-Theft KeyTag Design**
Perfect Combination of Key and Smart KeyTag for Enhanced Safety.
- ▶ **Biometric Identity Authentication and Recognition Technology**
Ensures Enhanced Security and Effective Asset Protection.

Product Specification

Model	S Size	M Size	L Size	XL Size
No. of Key	8-32	40-48	64	100-200
Material	Cold rolled steel, 1.5~2.0mm thickness			
Display	7-inch LCD screen, capacitive touch			
Interface	USB 2.0 (Plug-and-Play, Driver-Free)			
Performance	FAR <0.0001%, FRR <0.01%			
CPU	RK3288/Quad-core, operating frequency 1.6GHz			
Installation	Wall mounting, Floor standing			
Power Supply	Input 100-240VAC, Output: 12VDC			
Communication	Ethernet
