

13.8VDC 5A Power Supply TT-205B

Uninterruptible Power Supply (UPS) housed in a metal casing, specifically designed for access control systems, security cameras (CCTV), and intercom systems. It features a built-in battery charger for backup and is designed for high reliability with short-circuit and overvoltage protection.

Specifications

Model No.	TT-205B
Dimension	195*225*83 mm
Weight	1.40kg
AC Supply	100-240 VAC @ 50-60Hz
Output Voltage	13.8 VDC
Nominal current and power	5A / 60W
Charge current	0.8A
LED indicators	AC input/ DC output/ charge/ battery low voltage
Recommended Battery	1 x 7Ah
